PROFESSIONAL SUMMARY

Dedicated UI/UX Developer with expertise in Responsive Web Design, Front-End Development, and UX Research. Proven ability to translate complex design requirements into clean, functional, and accessible code. Strong proficiency in Figma-to-code workflows, cross-browser compatibility, and creating user-centric digital experiences.

TECHNICAL SKILLS

Design & UX: Figma, Wireframing, Prototyping, UX Research, Adobe Photoshop, Adobe Illustrator

Development: HTML5, CSS3, JavaScript (ES6+), Bootstrap, jQuery, WordPress, Basic PHP, Responsive Design

PROFESSIONAL EXPERIENCE

Freelance UI/UX Designer

2024 – Present

- Engineered responsive web interfaces utilizing HTML5, CSS3, and JavaScript, ensuring cross-browser compatibility.
- Collaborated on end-to-end design processes, converting high-fidelity Figma prototypes into pixel-perfect front-end code.
- Optimized user journeys through iterative UX Research, wireframing, and usability testing to improve retention.
- Maintained rigorous coding standards to ensure application performance and mobile responsiveness.

PROJECTS

Smart Home Control App

- Designed intuitive user interfaces in Figma; leveraged wireframing and interactive prototyping to map complex user flows.
- Prioritized accessibility (WCAG) and UX best practices to deliver a seamless, high-performance user experience.

Finzaro Payment App

- Spearheaded the UI/UX design for a secure payment dashboard, utilizing wireframing for layout optimization.
- Implemented a simplified one-tap payment workflow and responsive front-end components to improve conversion rates.

SOFT SKILLS

Problem-Solving, User-Centric Mindset, Collaborative Communication, Critical Thinking, Time Management

EDUCATION

BCA – IMS Ghaziabad (2022–2025)
